A smile increases your face value.

Karla Maria Bellotto

Just when I knew all of life's answers, they changed all the questions.

He who feared he would not succeed sat still.
For fear of failure, he did nothing.

Michael Allen Grant

For every two miles of road, there's four miles of ditches, so keep your rig in the middle.

There are faces I remember
from the places in my past. I
said all the deadhead miles and
the insincere smiles.

gone by.

OUTDOOR PEOPLE

Outward Bound Program

The Outward Bound Program began in 1976 at Rippowam-Cisqua. An outdoor survival course, it was adapted by teacher John Odden. John is a graduate of the program and shaped it as an orientation for 9th graders at Rippowam.

In the fall, seniors set out on this special weekend, under the guidance of certified leaders. They break into groups of ten and set up camps. Some groups take walks; others bushwack. Many students participate in rappelling.

This year, one group hiked three miles on a dirt path that took them to a campsite. Like all the groups, they cooked their own meal over a campfire. The next day they went bushwacking, falling over trees, rocks and prickly bushes. As one senior put it, "We had no proof that we were going the right or wrong way!" The following morning found them learning to rappele, specifically the Australian rappel, a descent from a precipice in which the climber's front is parallel to the ground. In spite of their fears of getting lost and "creatures in the night," the seniors spoke of this weekend "fun, relaxing, and free from pressure."

John Odden views the weekend as a teaching tool. "The Outward Bound program is a galvanizing experience. We mix everyone together, and as a result, the kids become more tolerant of one another, more appreciative of each other's talents." As one senior put it, "we learned that we had to work together."

The 1981 weekend was the first dry one. Seniors, may you have many more!

CHALLENGING PEOPLE

Olympics of the Mind

A strange vehicle emerged from the classroom. Pulled by four students costumed as huskies, the toboggan launched itself into the competition. It moved on skateboards, propelled by wind which was caught by a one-masted sail.

This contraption was the creation of Rippowam students, an Olympics of the Mind team, under the direction of teacher Pam Park.

Rippowam became interested in Olympics of the Mind during the fall of 1980. It is a creative problem-solving program encompassing grades K-12. Throughout the year, students from our Upper School participated on a self-selective basis as part of Allied Arts. Five problems are supplied to subscribing school and teams of five students meet during school hours to attempt solutions to the various problems. Regional meets are scheduled throughout the school year. The sled contraption was a problem called "Windy Cool Rod."

This year's team, consisting of Tom Grant, Tim Kelly, Adam Tweedy, Peter Hawkins and Sam Whitehead, solved the challenge of "Cruppets," an invitation to write a puppet play which had to include a celebrity. The team had to write a script, playbill, and an advertisement, and then compete with other teams. Their celebrity was Jaws, known affectionately as "Mr. Mouth."

Other students who assisted and continue to participate in Olympics of the Mind are Anna Cathcart, Dan French, Peter Miller, Tom Kornfield, Andrew Kayer, Doreen Bentley, Carl Andresen, Rich Hubert, and Kaari Reierson. Faculty advisors are Marion Sanders and Pam Park.

We wish this year's team all the luck and fun had by the 1980-81 team, who made it all the way to the competition at Albany, N.Y.

PEOPLE WHO HELP PEOPLE

COMMUNITY SERVICE

Like the Outward Bound weekend, the Community Service program is a special project for the ninth grade. Created in 1977 by Upper School Head Tom Sydorick, Community Service is experiential education. In other words, seniors experience a bit of the world outside the school by visiting local people — people of all ages.

Small groups of ninth graders visit Holly House, Katonah Day Care Center, Mt. Kisco Elementary School, Bedford Day Care Center, and BOCES on a regular basis during the school day. Service is completely voluntary, and the benefits and pleasures are enjoyed by everyone involved. Several seniors commented on this enjoyment saying, "being able to make someone happy is the best reward you can get."

Although there is quite an age gap between the ninth graders and their friends at Holly House or any of the children's centers, the seniors feel that "age doesn't matter. There are still ways to communicate." One student added that the "generation gap isn't as big as you think."

When Tom Sydorick conceived the project, he envisioned "learning by doing." Rippowam provides a wonderful means to this end through its Community Service.
